THE HYBRIS are back with an irresistible new single “Celebrate The Good Times.” The single comes soaked in attitude and features anthemic hooks and infectious alt-rock sensibilities. Drums smash through the mix, whilst basslines groove in between and overdrive soaked guitars land on top. Vocals are emotionally-penned, vibrant and work hand in glove with their smartly-penned lyricism.

Speaking about the single, they say: *“Celebrate The Good Times” is an ironic statement against the ignorance and immoderateness of the privileged. It comes along in a cheerful electropunk garb. Soundwise another addition to our rock, indie, punk and pop mix.”*

THE HYBRIS is an international Alternative Rock project formed between three friends. Previously living in Germany, and gaining experience by playing in various bands, the outfit now resides in Nice, L.A. and Cologne. THE HYBRIS create music under their monikers Ringo Rabbit, Beanie Bison and Malcolm Mandrill - three wannabe comic superheroes on a mission to save the world.

THE HYBRIS take their name inspiration from Greek tragedy. Hybris' stood for exaggerated self-pride, arrogance, excess of ambition causing the transgressor's ruin - the perfect headline for this current age. With irresistible music and a growing fanbase, we can't wait to see where they'll take it.
